strategically managing crises is an essential responsibility of governments often critical decisions need to be made swiftly under difficult and complex conditions as crises impacts may spread beyond national borders and can trigger significant

economic

crises happen when they do organizations must learn to effectively communicate with their internal and external stakeholders as well as the public in order to salvage their reputation and achieve long term positive effects ineffective communication during times of crisis can indelibly stain an organization s reputation in the eyes of both the public and the members of the organization the subject of crisis communication has evolved from a public relations paradigm of reactive image control to an examination of both internal and external communication which requires proactive as well as reactive planning there are many challenges in this text for crisis communication involves more than case analysis students must examine theories and then apply these principles this text prepares students by providing a theoretical framework for understanding crisis communication examining the recommendations of academics and practitioners reviewing cases that required efficient communication during crises describing the steps and stages for crisis communication planning crisis communication is a highly readable blend of theory and practice that provides students with a solid foundation for effective crisis communication

in this fully updated fifth edition three of today s most respected crisis risk communication scholars provide the latest theory practice and innovative approaches for handling crisis this acclaimed book presents the discourse of renewal as a theory to manage crises effectively the book provides in depth case studies that highlight successes and failures in dealing with core issues of crisis leadership managing uncertainty communicating effectively understanding risk promoting communication ethics enabling organizational learning and producing renewing responses to crisis unlike other crisis communication texts this book answers the question what now and explains how organizations can and should emerge from crisis authors robert r ulmer timothy l sellnow and matthew w seeger provide guidelines for taking the many challenges that crises present and turning those challenges into opportunities for overcoming a crisis

external interventions to mitigate crises or end conflicts have rarely succeeded the eu and its member states in particular have repeatedly run up against their limits in the civil wars in afghanistan the congo libya syria the sahel region and yemen however the eu if not the entire international community have learned one lesson from their faltering peacebuilding efforts if they are to have any chance of making a meaningful and lasting difference they must develop and use comprehensive strategies that combine and coordinate the various tools available to diplomacy development cooperation and security the 29 reports presented in this book one for

each eu member state as well as one on the eu as a whole examine how steep the learning curve has been and accordingly how successful these bodies have been at forming new linkages among the various actors involved in external crisis and conflict management as well as within and between their institutions and organisations while the eu clearly still has a long way to go before it can live up to its rhetoric and become a distinct and effective actor on the foreign policy stage small and incremental steps in reorganising institutional practise may help in narrowing the gap between words and deeds this volume provides examples of how the eu and its member states have found new organisational structures and procedures specifically at the headquarters level to better organise the necessary combination and coordination of the many tools available for crisis and conflict management these ways are then juxtaposed in a big picture chapter which also identifies best practices for successful wga implementation
